THE SETTLED NOMADISM-2022

SUMMER SCHOOL PROGRAM FOR URBAN RESILIENCE, ADAPTATION AND SUSTAINABLE ENVIRONMENTAL MANAGEMENT

Introduction:

National University of Mongolia (NUM), a partner of the URGENT project and the coordinator of the ONE project, both funded by ERASMUS+ programme of the European Union, is delighted to announce the summer school program for urban resilience, adaptation and sustainable environmental management. A summer school is jointly organized by two projects, namely Urban resilience and adaptation for India and Mongolia - URGENT and European orientation for sustainable environmental management in Mongolia – ONE projects, in the Ulaanbaatar city, Mongolia between 15 and 28 July 2022.

The summer school will bring together scholars, professionals, stakeholders and students from the projects' partners to teach and discuss urban environment, resilience, climate adaptation, ecosystem service-disservice, European environmental innovation and management, including protected area management, its transferability and applicability in Mongolia.

Based on the selection result of the open-call announcement of the summer school, the selected students (undergraduate and graduate) will be invited to participate.

During the summer school, the participants will acquire the skills and knowledge about European Union environmental innovation (including management, policy, financial instruments) and understanding of the urban ecology-environment, green-blue infrastructure and nature-based solutions.

In addition to learning the best EU practices in environmental management and policy, this is extremely interesting and challenging experience in:

- ~ Taking part in everyday life of Mongolian life style,
- ~ Training your powers of observation, orientation, and working in field,
- ~ Reading a compass, keeping notes,
- ~ Hiking in a beautiful country,
- ~ Mastering photography (funny photos will be collected for last day event)
- ~ Networking with international friends,
- ~ Drawing maps, getting dirty, and having fun
- ~ Enjoying the beautiful scenery of sunrise, sunset and bright stars in the sky at night.
- ~ Enjoying and experiencing scientific field study.

Summer school will be organized in and out the city and participants will stay in ger, Mongolian traditional accommodation and tent in natural beautiful places. Upon successful completion of the summer school, the graduate students will get a certificate issued by the National University of Mongolia with 4 ECTS transferred.

NO PRIOR EXPERIENCE IS NECESSARY FOR PARTICIPANTS.

The objective of the summer school:

The objective of the summer school is to serve as a training and knowledge exchange opportunity for domestic teaching staff, who will, together with EU colleagues, develop a

detailed syllabus and teaching & learning contents, set-up case studies, jointly teach, and co-supervise student research groups. The expertise exchange will be in terms of EU and related topics, and also teaching and learning methods. Moreover, it is an also good way to disseminate the projects' information to broaden audience.

URGENT project:

The URGENT's aim is to promote green & blue infrastructure and nature-based solutions (GBI & NBS) for resilient, climate-friendly, and liveable cities in India and Mongolia through ICT-enhanced tertiary education linked to labour markets & wider stakeholder circles.

More information, please visit our project website: <https://urgent-project.net/>

ONE project:

ONE promotes EU values, enhances awareness of the EU and facilitates future engagement of citizen with the Union through a comprehensive educational package explaining EU governance, institutions, and policies. Importantly, exploring through its courses EU best practices in the field of environmental protection and natural resource management in Mongolian context.

More information, please visit our project website: <https://sites.google.com/view/one-project/>

Announcement and admission requirement:

The Summer school open-call announces through the project's and the partners' websites and social media of the projects' partners in April 2022, and registration finished by June 2022 via online platform <https://registration.num.edu.mn/>.

Under ONE project, 25 participants, both NUM students and professionals can enroll in the summer school. Under URGENT project, both students and staffs of partner institutes can enroll in the summer school. Also, the summer school is open for participants not belonging to one of the projects. Participants should actively participate and be available for the whole duration of the summer school between 15 and 28 July 2022.

Applicants must be any nationality in good health. The applicants must prove an adequate level of English proficiency.

Coordinator: National University of Mongolia, Mongolia (NUM)

Partners:

- University of Bremen, Germany
- University of Catania, Italy
- Estonian University of Life Sciences, Estonia
- Martin Luther University, Germany
- Khovd University, Mongolia
- Mongolian University of Life Sciences, Mongolia
- Jawaharlal Nehru University, India
- Nirma University, India
- Pondicherry University, India
- Sher-e-Kashmir University of Kashmir, India
- Mongolian Sustainable Finance Association, Mongolia
- Urban Planning and Research Institute, Mongolia
- National Garden Park of Ulaanbaatar, Mongolia

Erda RTE, Netherlands

National Institute of Urban Affairs, India

Gujarat International Finance Tec City Company Limited, India

The organizing committee:

- ~ National University of Mongolia, Mongolia
- ~ University of Bremen, Germany
- ~ Estonian University of Life Sciences, Estonia

Duration: 14 days (15th July – 28th July, 2022)

Registration deadline: 1st June 2022

Fees:

- ~ No fee requires for Mongolian participants of the ONE project. All costs, including travel insurance, out-city transportation, food and accommodation during out-city activity will be supplied by the ONE project.
- ~ No fee requires for participants of the URGENT project. All costs, including insurance, transportation, food, daily allowance, accommodation will be covered by travel and stay cost of the project.
- ~ Participants not belonging to one of the projects, need to pay their own fee, which costs 1000 USD excluding international travel cost.

Travel accessories and personal supplies during the summer school will be borne by the participant.

Food: No special food such as a vegan accepted. During the out-city activity, only Mongolian food (meat, rice, flour, vegetable) is available. In the city, different types of food are available.
